<b>General Comments:</b>	Miss Leintz did a great job overall. She was very professional and had good communication with me and her students. She was well organized and thorough in her teaching. For a practicum student and not have having her behavior management class yet, she handled student behaviors well. She had a nice demeanor with the students. She just needs more practice with teaching in general and all of the things that come with it-timing of lessons (ex. too short-too long, etc., lesson preparation, student behaviors, transitions, attention grabbers, etc. I am confident that she will pick these up in the months to come with more practicum experience.
